Our story

Our humble beginnings began in 2012, founded by Mr. Yong Wei Kang, a man with a purpose and in these three years achieved more than any other company. Win Door Enterprise Sdn Bhd has been active in construction, who else would know about Doors better than we do, maintaining quality and assurance.

Creativity and accomplishment: is the equilibrium that our team strive for every day. Creativity, with new ideas and collections that allows us to create custom doors. Accomplishments, with doors that meet the most strict precautions and enduring standards.

Vision

It is our continued innovative performance that enables us to grow further and better. Our whole structure and team strive in accomplishing our goals to attain worldwide achievement as the number one company in manufacturing quality doors to the world.

Mission

Win Doors success is measured by working as a team. The respect and trust of our customers is earned because of our products and services. Our doors are of quality due to the reputation of our motivated, happy and well trained staff. There is nothing magical about it. We work hard to establish a good environment for both our staff and customers. Our accomplishments is prove of our imaginative employees who are authorized to provide advice while working to provide new ideas and insights. Trust and respect is important to us so every job no matter how big or small will be provided with integrity.

Our most important goal at Win Door Enterprise , is to continue being the leader in the industry. We will accomplish this with hard work and uncompromised commitment from our management and staff. It is our wish at Win Door Enterprise is to continue working hard and to help in accomplishing the goals set out in our mission statement, as well as our staff's own goals.
